A Fathers' Auxiliary To Local Legion is Being Considered

At the last meeting of the local branch of Le Societe de 40 Hommes et 8 Chevaliers of the Milton L. Bishop Post No. 301, The American Legion, on Thursday, February 3, a suggestion which has been previously made to form a "Fathers' Auxiliary" will be given consideration. As contemplated the membership would be confined to the fathers of men who are members of the local post and would hold somewhat the same relation to the Legion as the Women's Auxiliary, to which the mothers, wives and sisters of the Legionnaires are eligible.

The Connellsville unit was the first auxiliary to be organized in the United States. To attain the same distinction in connection with a father's auxiliary will be in line with the achievements of the local veterans, they having originated the plan to make America Day a national holiday and also secured the right to install a branch of the Homages society only one of which is allowed to a city.

DEATH ENDS CAREER OF MISS WHITEMAN, CARNEGIE LIBRARIAN

Believed Here to Be on Way to Recovery She Suffers Sinking Spell at Home at Latrobe.

Following a general months illness Miss Margaret Metzgar Whiteman, librarian at the Carnegie Free library, died Sunday morning at her home at Latrobe. Miss Whiteman's death came as a great shock to her many Connellsville friends who believed her to be getting along nicely and hoped she would soon be able to return to her duties.

Last October Miss Whiteman underwent an operation at the Mercy hospital, Pittsburgh, for abdominal trouble, returning to her home several weeks later. She apparently was getting along very nicely and was able to be out. For the past two weeks she had not been as well as usual and Sunday morning about 10 o'clock she took a sinking spell from which she never rallied.

Miss Whiteman was a daughter of the late Mr. and Mrs. George D. Whiteman of Latrobe, the former a pioneer shoe manufacturer of Latrobe for some years. She was graduated from the Latrobe high school, Dickinson College and Drexel Institute, the last at Philadelphia. Her first library work was when she opened a free library at Potomac, Pa. She later served one year in the Columbia University library, New York City, and was assistant librarian at Swarthmore college, Swarthmore, Pa., for two years. For the past six years she has been librarian at the Carnegie Free library.

Coming in contact with hundreds of book lovers Miss Whiteman formed a wide acquaintance among men, women and children in Connellsville and surrounding communities. She was a young woman of charming personality and by her pleasant and gracious manner she won the respect and esteem of all patrons of the library as well as the many other persons with whom she came in contact.

Deceased was a member of the Methodist Episcopal church and the Daughters of American Revolution at Latrobe and of the Women's Cultural club of Connellsville. She was prominent among the Camp Fire Girls, having organized the following named Camp "The Girls" of which she was guardian. She was especially interested in the members of the organization, taking an active part in the meetings and other activities planned by the members.

Miss Whiteman is survived by two sisters, Misses Elsie H. and Rachel L. Whiteman; two brothers, Thomas M. Whiteman, editor of the Latrobe Bulletin and member of the Latrobe Board of Western Maryland county, and Dr. Harry L. Whiteman, all of Latrobe. On account of ill health Miss Whiteman had tendered her resignation but the board of trustees had asked her to resign for a time.

The funeral will be held tomorrow afternoon at 2:30 o'clock at the family residence, followed by interment in the Latrobe cemetery. Among those who will attend from here are J. Melvin Grey, a member of the board of trustees of the library; L. W. Wolfe and daughter, Miss Ida, Miss Sarah Newton, Miss Beattie Percy and Miss Mary Armstrong. Out of respect to the deceased librarian, the library will be closed all day tomorrow.

TANK OF GASOLINE EXPLODES; 25 DEAD, MANY ARE INJURED

Blast at Memphis Believed Due to Spark From Workman's Chisel.

VICTIMS MOSTLY BLACKS

Flaming Fluid Is Scattered Over Dwellings and Run Is Destroyed. Two Men Engaged in Building Tank Blown to Bits, Third Escapes.

By Associated Press. MEMPHIS, Tenn., Jan. 21.—At least 25 persons, most of them negroes, were killed, according to police estimates, and 50 or more were injured by an explosion here today of a tank car of gasoline.

The explosion destroyed a row of frame dwellings at Union and Long streets, shattered windows within a radius of 15 blocks and shook the entire north end of the city. The resultant fire, which for a time threatened to spread to a gas works and several nearby manufacturing concerns, was checked before it gained headway.

Three men were working on the tank car and police and fire department officials attributed the blast to a chance spark from a chisel which hit into the gasoline when another workman removed the cap from the top of the tank.

Two of the workers were torn to bits while the third escaped partly unscathed.

A row of tenement houses of frame construction were leveled by the explosion and many of the occupants killed or maimed.

The bodies were removed within a few minutes and many injured were taken to the hospitals. A number of the 70 persons given treatment at a nearby station which was closed by the explosion. Others were treated at physicians' offices as the scene.

While the police estimate the dead at 25 the total may be larger when a complete list is made of the occupants of the dwelling and the ruins are examined.

The filling station where the explosion occurred was not badly damaged. One of the men was a commercial pump station which was blown off a portion of the blast. The first bodies found were of four negro women and a baby.

While the fire was brought under control shortly after the explosion, the work of rescue was made hazardous by the presence in the vicinity of other gasoline cars, in the part of flying embers and isolated by torn tracks.

The estimated property damage is \$150,000.

One of the injured brought to a hospital was a negro boy who fell into a nearby bayon with both legs broken after being hurled through the air by the force of the explosion.

An hour after the first explosion on the top of a second car was blown in.

QUICK ACTION

By Police Will Break Up Milk Theft. It Is Believed.

Quick action on part of the police yesterday morning will, it is thought, do much to break up the practice of milk stealing from which the residents of South Arch street, Porter and Morton avenues and in that vicinity generally have suffered for some time.

Within an hour after Superintendant E. L. Spencer of the Parkersburg Fire department had captured three colored men who had been making the rounds in the wake of the milk delivery wagon and collecting the milk before the customers had opportunity to remove it to places of concealment. The arrested men gave the names of David Savage and Charles Jenkins, a Baltimore and Charles David of Norfolk. They will be put to work on the streets.

PLANS FOR ADDITION TO CHRISTIAN CHURCH READY FOR BIDDERS

May Be Turned Over to Them Next Week; President Tonight of Bethany, Rev. Warren Spaul.

Announcement was made at the Christian church Sunday by J. Melvin Grey, chairman of the building committee, that plans and specifications for the proposed addition to the church for Sunday school purposes will probably be placed in the hands of bidders next week, though the time is uncertain. The plans have been completed for some time. They also provide for changes in the church to conform to the addition. The architect's estimate of the cost was \$25,000.

The Christian congregation was honored by the presence during the day of two leaders in the church—President of the board of Bethany college and Rev. W. R. Warren of St. Louis, Mo., editor of the World and former pastor of the Connellsville church. Both spoke to the Sunday school. President Gooding occupied the pulpit in the morning. Rev. Warren in the evening.

The most serious problem of the church today, President Gooding declared, was the lack of a trained leadership. The speaker laid emphasis on the necessity of fathers and mothers, interesting their children in entering the ministry, the mission field or some form of religious activity, at the same time urging the necessity of thorough preparation.

Rev. Warren's address was built around the thought that cheerfulness is a good seedling. Following the sermon there was an informal reception. Rev. Warren is to be in Connellsville for some time as pastor and 17 years' experience here, he said. He found many families in fact, and many new ones, he said, and also noted that many of the "saints of God" were among the missing.

ALLIED PREMIERS GATHER TO SETTLE GRAVE PROBLEMS

Conference Opening in Paris Today Most Important Since Versailles.

REPARATIONS IS FIRST

Then Follow in Importance Disarmament of Germany, Financial Relief for Austria and Policies to Be Followed Dealing With Soviet Russia.

By Associated Press. PARIS, Jan. 21.—Representatives of Great Britain, France, Italy, Belgium and Japan gathered here today for a conference which seemed in importance second only to that preceding the signing of the treaty of Versailles. The principal figures were David Lloyd George and Aristide Briand. About these men the negotiations of the conference are expected to revolve during the coming week and it was believed that when the conference will have finally adjourned the Allies will have settled questions long pending and long threatening various complications not only between Italy and Germany but between the governments which sought together against the Central Empires from 1914 to 1918.

The importance of the subjects rank as follows: Reparations, disarmament of Germany, relief for Austria and policies to be pursued in dealing with Russia.

Arrangements for the first session this morning contemplate disarmament by Allied military experts who are understood to have agreed on a solution which would grant a short period of grace to Germany which it expects the engagement she had made at the Spa conference.

The program called for the consideration of the subject of coal delivery the arrangement by the Allies and Germany at Spa expiring on January 31. It was forecast that the Allies would endeavor to reach a new decision on the subject as rapidly as possible so that Germany might be notified before that date.

This business once out of the way the conference would be free to devote its time and energies to reparations. The financial and economic position of France and possible negotiations of loans in America were to be considered.

Pittsburg Brewing Company to Go Out of Brewing Business. Having made plans to dispose of the Connellsville plant and to other of its brewing plants, which are being advertised for sale, it is understood that the Pittsburg Brewing company will soon be out of existence as a brewing concern.

Although a number of the plants have been running on a small scale, since the prohibition enforcement act went into effect, most of them have been out for some time. Changing their output to "ice beer" when the United States became effective proved an unprofitable business, officials of the company have declared.

The 16 plants to be sold include those at Uniontown, Mount Pleasant, Latrobe, Jeannette in addition to Connellsville and a number in Pittsburg and vicinity.

When running full the company had a capacity of 1,500,000 barrels of beer annually.

Senreco
A Dentist Prescribes
Double-Service Tooth Paste

Senreco
525 U.S. 247, 018

The
double-service
tooth paste,
keeps teeth clean AND GUMS HEALTHY.

Today's dentists are prescribing Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser. Note directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling it uses gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste.

Shorty runs into Teebo!

or PETEY

Checked up our old dormitory pal "Snapper" Teebo this morning waiting on an appointment down Peachtree St. "Snapper" wanted to know a bookfull about my visit to the Camel factories. "Tell us did apple seed," says "Snapper," "you're on the inside." "Snapper" still has that mighty annoying way of saying "But that doesn't surprise me."

Anyhow—when I explained about the millions of C. M. R. J. Reynolds Tobacco Co. made daily what does the old bird putter but "Why, Shorty, they'd have to make that many to supply the demand!" Camels have the quality smokers want! And they have the most wonderful mellow mild body and the most refreshing flavor ever created in a cigarette. Of course they make Camels by millions of course they buy enough revenue stamps from Uncle Sam every day to build a duplicate of the Winston-Salem post office! Why not? Smokers everywhere will have Camels!

But "Snapper" finally got to spilling some real nobby Camel selling stuff! "Shorty," says he, "I want to put it on record that in all the times I've pulled Camels out of my pocket to supply somebody's shortage I've heard enough good things said about 'em to fill a volume! 'That's my brand.' Camels are a wonderful cigarette. 'Like getting money from home' etc."

And Shorty what's the answer? Why—Camels, old of choice Turkish and choice domestic tobaccos meets the universal taste! And that's the 'hole story old golf ball!

Pete you pet phonograph, did you ever hear a better record?

Sincerely

Shorty
